TO THE HOÑBLE JAMES MACRAE ESQR.
PRESIDENT AND GOVERNOUR &Cr. COUNCIL OF FORT Sr. GEORGE.

HOÑBLE SIR & SIRS

I was informed after the Heathcote was dispatch'd of a paragraph in the General Letter wherein a Transaction about some Tutehague in which I was concerned with the President was so unluckily worded as to give the Board occasion to object against it as an affair it was unacquainted with and improper to be incerted ; but as accident not any ill intention was the Cause I was mentioned in such general terms

—FORT ST. GEORGE, JANUARY 1729-30—

the President frankly Cleared up the matter by declaring it was an affair he Transacted himself without my advice or knowledge, for which I was in no respect answerable but lest there should remain the least doubt I think it necessary to acquaint you I was at S^{t}. David when the President bought the Tutenague he advised me of it and offered me a third part which I accepted but do solemnly declare I had nothing to do with the sale or ever was Consulted about it.

It is natural to Think my Masters at home will require an Explanation of this matter, wherefore I hope your Honour will give them the same satisfaction as the Board has already received, lest my Justification should not be so Effectual as you intended it.

I am with all respect imaginable

HOÑBLE SIR & SIRS

Soon after my arrival here when I waited on your Honour &c^{t}. I then acquainted you that the bonds recovered in the Mayor's Court by Anconah were given by me, but that there were some omissions in his Account which I believed I should be able to adjust without any trouble to this Honourable Board accordingly I have adjusted with him and find that Those omissions which I suspected, are for sums of money which he never received and for others which he paid on my account though the receipts of said sums were denied in his absence, wherefore I thought him my Debtor, but he has given me sufficient demonstration how unjustly I have been used by several persons and now I am upon this affair, I think myself obliged to Apologize to the Honble Governour for the Erroneous representation I have made of this affair to the Honourable the Court of Directors I can only Assure him and you Gentlemen that I did not do it out of any ill design or prejudice to the Honourable President but it proceeded from the Erroneous Account I received from my Attorney and as such I hope the Governour will pass it over I having since upon Enquiry been Assured his Honour was not any ways interested in this Affair wherefore I take leave to subscribe myself as I am

your Honour &c^{t}· that till I shall be better satisfied therein, I cannot consent to the said prohibition lest we may thereby be led into an error of which our Honble Masters seem very apprehensive, and very particularly caution us against in the 94 paragraph of the Letter ℔ Eyles.

being ordered to return for Ingeram, I take leave of informing your Honour &ct. of the state of the buildings there.

house at the town of Ingeram being all of mud but one small room for want of having had a thorough repair, the walls are in many places broken down, and cannot be repaired without first pulling down the full extent of that wall which in course the old materials for the covering will be of little service, and the nearest calculation for putting it in a good condition will amount to about seventy pagodas.

at the washing town at Nellipillee the godowns where the Hoñble Company's Cloth is put, are very low and thatched and very small doors that should an accident happen by fire all the vigilancy imaginable cannot prevent the Company being a large sufferer, especially towards the latter end of the year, the washermans houses being nothing but Thatch, that is all round.

the great house last year coud a' been repaired for about sixty pagodas as I thought but after the raining season the posts in the wall being decayed and the great weight of Tyles aloft, the whole house is sunk in different places and noways fit for making godowns of without the whole mud wall being first pulled down, to Calculate that Charge I cannot guess at.

RANDAL FOWKE.
AUGUSTUS BURTON. CHARLES PEERS.

The President acquaints the Board that he has had Several informations of Complaint against Gooda Anconah the late Governour's Chief Dubashe, some of them of Extortion and other Crimes of a very heinous nature and as there is the greatest reason to believe that Gooda Anconah will seek protection of the Country Government to avoid the Course of Justice, as he did once before, if not immediately prevented by being taken into Custody, he desires They will consult the properest measures to be taken on this Occasion which being debated and Considered, the Board are unanimously of opinion that if Gooda Anconah should escape, it would be of the utmost ill Consequence to the Company's affairs, a great disquiet and discouragement to the Inhabitants of this place, and would unavoidably draw a Censure on the vigilancy and justice of this Board wherefore AGREED that the Justices immediately Commit him to the Custody of the Sheriff to be kept in the Ensign's Ancona dubashe to the late Governr. confined by order of the Justices.

Sundry petitions of Complaint against Gooda Anconah were delivered into the Board, and read as followeth viz^{t}. sundry petitions of complaint d^{d}. in agst. Anconah.

from Sunca Ramah and Tomby Chittee Joint Stock Merchants, complaining that Gooda Anconah Chief Dubashe to the late Governour M^{r}. Macrae having exercised an unlimited authority over the Black Town had by force and other Ill means Extorted from them upwards of three Thousand seven hundred pagodas [at] several times as therein is particularly expressed. Sunca Ramah & Tomby Chittee.

——FORT ST. GEORGE, MAY 1730——

sundry Grain Merchants.

from Muta Muten, Comra Collati, Mooteapah Chinaan, and Anda Chittee, setting forth that Gooda Anconah having sent with peons several sorts of gra[in] and lodged the same in the petitioner's houses, did afterwards by threats, menaces and Confinement oblige them to pay for at most Extravagant and extortionable price that amongst the many Instances They set forth, particularly that the Complainants having Contracted and given earnest for upwards of ninety garse of Oil seeds at forty 40 pagodas ℔ garse, the said Gooda Anconah against the Consent of both parties obliged them to withdraw the said Earnest and did afterwards Compel these petitioners to receive the same Oil seeds at the rate of Sixty eight 68 pagodas ℔ garse, a great part of which They have paid at that Extortionable rate, and are now vexed and distressed at his suit for the remainder.

by Margapuram Rangapah & Moota Mar Chittee.

from Margapuram Rangapah and Mootah Marr Chittee, setting forth that They having received Twelve Thousand rupees from and on account their Correspondents at Arcott, the same was forcibly seized by Gooda Anconah and his peons, and carried to the Governour's Gardens, and after keeping them some time, he obliged these petitioners to sell them at Three hundred and ten 310 ℔ hundred pagodas, although the Current price was no more than three hundred 300 ℔ hundred pagodas whereby these petitioners lost not only the difference of that Exchange but also Suffered in their Credit, and their further trade obstructed by the fear of such practices.

by some shroffs.

from Nina Chittee, Razapah Chittee &c^{t}. Shroffs setting forth that They had delivered a quantity of Gold into the Mint to be coined into pagodas, but that after some part had been Coined Gooda Anconah put a stop to the rest, giving for reason that Governour Macrae had a quantity of Gold to dispose of which these petitioners must buy before theirs should be coined and notwithstanding they represented to him that they were then unable to buy so large a quantity, he Continued with his peons to obstruct the Mint servants for above a month and at last obliged these petitioners to pay him one hundred and Thirty 130 pagodas for his consent to have their Gold coined.

by the Mint Braminies &c^{t}.

from the Braminies Goldsmiths & Gold Washer of the Mint setting forth that Gooda Anconah Chief Dubashe to the late Governour having exercised an Illegal and Arbitrary authority over the Inhabitants of the Black Town, had greatly distressed them and Inflicted many grievous Oppressions and hardships, that these petitioners in particular complain that Gooda Anconah had extorted from them upwards of fourteen hundred 1400 pagodas as ℔ Account anne[xed] to Effect which he had punished them with long and painfull Imprisonments, and further inflicted many Cruel and Unnatural Tortures, and by these means forced them to Comply with other unfair demands to the ruin of themselves and families.

by other Grain Merch^{ts}.

from Nina Comra Chittee, Mooteapah &c^{t}. Grain Merchants, setting forth that Markistnaroya Braminy and servant to Gooda Anconah sent for Nina one of these petitioners partners, and ordered him to buy & measure out a parcel of rice, which he refused to do knowing it would be charged at an extravagant rate Markistnaroya gave him very abusive Language and Struck him in the face and threatened him with the anger of his Master, Anconah, and by these means did compel the petitioners to take and pay for the said rice that Markistnaroya had extorted from these petitioners by threats and menaces at several times upwards of Three hundred 300. pagodas, that the s^{d}. Markistnaroya had sent a quantity of paddy to these petitioner's houses against their consent and compelled them to pay Sixty 60 pagodas ℔ garse for the same when the market price was no more than forty 40 pagodas ℔ garse, with other Acts of Cruelty and extortion for all which They desire redress.

All Referred to the Mayors Court.

The Complainants in the several petitions being Called in, it was recommended to them first to apply for justice to the Mayor's Court, and If they should not be satisfied with the Determinations there, They might then apply to this Board and should have a rehearing.

——FORT ST. GEORGE, MAY 1730——

It being represented to the Board that sundry reports are industriously spread to intimidate the Inhabitants from complaining of the injuries received from Anconah and others concerned with him, insinuating that They have still influence enough to hinder their Complaints from being heard, or if heard and determined, They will after be reversed to the prejudice of the Complainer wherefore to prevent any ill impressions from such scandalous insinuations and to give peace and Quiet to the minds of the people, ORDERED that publick notice be put up at the Seagate to acquaint the Inhabitants they may apply to the Courts [for] Justice without any fear or apprehension and be [assured] of a fair and candid hearing and suitable redress for [the] wrongs They have suffered and that such determinations will not be revoked hereafter but remain in full force for ever. [Pa]per affixed at [the] Seagate to assure [the] people of Justice [on] making known [their] complaints.

[One] of y^e^. persons employd [in] carrying silver out of y^e^. [Bou]nds during the prohibition, acknowledges.

Macrae exercised an unlimited authority over the Black town, They have in dread thereof been obliged to part with the following sums of money and Effects on occasion of making their Contracts with the s^d^. Your Petitioners are ready if required, to bring sufficient proofs of the facts here alledged and beg at your hands redress of so great a grievance.

To the Hoñble George Morton Pitt Esq^r^.

President and Governour of Fort S^t^. George &c^r^. Council.

The humble petition of Nuta Muten, Comra Chittee, Mooteapah, Chinaan and Andah Chittee

Sheweth

that Goda Anconah inhabitant of this Town hath frequently Harrassed and by force compelled your Petitioners to come to his House, that he hath sent several of the Company's Peons, who having lodged several sorts of Grain in your Pet^rs^. Houses, did afterwards by threats, menaces and confinement oblige your Pet^rs^. to pay most extravagant and extortionate prices for the same. Among the many Instances which your pet^rs^. shall in due time Lay before your Honour &c^t^. your Pet^s^. will now only mention that having Contracted and paid Earnest for several sorts of Oil seeds being in the whole upwards of ninety Garse to be then delivered by the respective Owners at forty 40 pagodas ℔ garse, he the said Anconah did Illegally and without consent of either party compel your Pet^rs^. and the Grain Merchants to return and retake the said Earnest thereby making null and void the said Bargains, that afterwards he the said Anconah did as aforesaid send the same oil seeds into the houses and godowns of your Pet^rs^. and by his Peons demanded sixty eight 68 pagodas ℔ garse which your Pet^rs^. have frequently refused to Comply with, but by reason of the Authority he then bore in the place and the frequent Insults of his peons, your Pet^rs^. have paid a great deal in part of the said Oil seeds, at the said extortionable price and your Pet^rs^. are now under troubles and Difficulties in their persons and estates at his Suit for a further sum due as he says, on that Account.

Your Petitioners therefore humbly pray that the said Goda Anconah may be brought to answer to the premises and that whereas there is a report of his having already prepared for an escape from justice your Pet^rs^. humbly pray your Honour &c^t^. will take such methods to prevent the same, that in due time your Pet^rs^. may more fully & properly explain and Enumerate this and many other abuses, Confinements, Insults and Extortions suffered and endured by your Pet^rs^. and Your Pet^rs^. as in duty bound shall ever pray.

To the Hoñble George Morton Pitt Esq^r^.

President and Governour &c^t^. Council of Fort S^t^. George.

The humble petition of Margaparam Rangapa and Muta Marr Chittee

Sheweth

that Adipah Chittee and Rangapah Chittee Inhabitants of Arcot and Correspondents to your petitioners, having sent Twelve thousand rupees to your Pet^rs^. to sell for their Accounts, your Pet^rs^. did procure Leave of the Honble Governour to bring the same into these bounds. As the Coolys were bringing the said rupees near the gate commonly Called Bridge Gate They met Gooda Anconah in the way who observing them enquired after the Rupees and immediately without your Pet^rs^. consent ordered the Coolys to go with his Peons to the Company's garden. Some time after the said Goda Anconah sent for your Pet^rs^. and enquiring whence the said rupees came your Pet^rs^. replied from Arcot consigned upon Account of your Pet^rs^. Correspondents, and after some further conversation the said Goda Anconah said he having occasion he must buy them. Your Pet^rs^. replied the Current price was three hundred 300 ℔ hundred pagodas, but he would not pay them more than after the rate of three hundred and ten 310 ℔ 100 pagodas whereby your Pet^rs^. were not only deprived of their money for some time, but were obliged to pay the Difference of four hundred 400 rupees to their above said Correspondents, and are for that reason fearful of importing any more money into the Honble Company's bounds to the great obstruction of the Trade and credit of your Petitioners.

All which Your Petitioners humbly offer to your Honour &c^t^. Serious Consideration and justice and as in duty bound, shall ever pray.

The humble petition of Neinah Chittee, Rasapa Chittee, Booma Chittee, Raja Gopaul, Mootamar Chittee, Tellisinga Chittee, Parasu Chittee & Bassavah Chittee

Sheweth

that your Petitioners delivered into the Honble Company's mint a quantity of gold to be coined into pagodas, and after some time a part of it being Coined Anconah put a stop to the Coinage of the rest.

that your Pet^rs^. enquiring of said Ancona wherefore he hindered the coinage of the Gold, he answered that the Governour had a quantity of Gold to sell and that your Pet^rs^. must buy his gold before They could have th[eir] own Coined.

upon which your Pet^rs^. replied that They were not at present Capable of buying such a quantity of gold, nevertheless he the said Anconah continually sent the Company's peons to give the Coiners trouble, and prevent their proceeding in their business and duty, in the Company's mint.

After a months trouble your Pet^rs^. were obliged to pay the said Anconah the sum of one hundred and thirty Madras pagodas, and then he Consented to let your Pet^rs^. gold be Coined wherefore your pet^rs^. most humbly request your Honour &c^t^. will be pleased to examine the premises, and give such relief as your Honour &c^t^. shall Think just and Equitable,

TO THE HONBLE GEORGE MORTON PITT ESQR.

PRESIDENT AND GOVERNOUR &CT. COUNCIL OF FORT ST. GEORGE.

THE HUMBLE PETITION OF NEINA COMRA CHITTEE, MOOTEAPAH, CHINIA AND MUTA

SHEWETH

that your Petitioners have been in partnership in the grain trade of this place, that Markistnaraja Braminy and Servant to Goda Anconah, sent for your Petitioners and thereupon Ninah one of the partnership went unto the said Markistnaraja who ordered your Petitioner Neina to buy and measure out a parcel of rice as he said belonging to his Master Anconah; but your Petr. Neina replied that Anconah would expect a most extravagant price and therefore he or his partners could not or would not Take it. Your Petr. Neina then offering to go away about some other business Markistnaraia said your Petr. must Take it and endeavoured by abusive names and menaces to compel your Petitioners immediately to measure the said rice but your Petitioner still giving some reasons why he could not comply, Markistnaraja struck him in the face and threatened him in the name of Goda Anconah with such practices your Petitioners being intimidated the said Markistnaraja did the next day compel your Petitioners to Take and pay for the said rice.

Your Petitioners also beg leave to present to your Honour &ct. that the said Markistnaraya hath several times by threats and menaces extorted several sums of money from your Petitioners amounting to upwards of Three hundred 300 pagodas, as by your Honour's &ct. leave your Petitioners shall more fully make appear hereafter. One instance your Petitioners humbly offer for the present namely that the said Markistnaraja sent for your petitioners and commanded them to Take some Paddy at sixty pagodas ℔ garse. Your Petitioners frequently declined the Offer insisting upon the market price to be but forty 40 pagodas ℔ garse. Yet nevertheless the said Markistnaraja sent the said paddy to your Petitioner's houses, and after some time by many threats and insults of his Peons your Petitioners were forced to pay the full price of sixty 60 pagodas ℔ garse for all such paddy as he the said Markistnaraya had put upon them.

—FORT ST. GEORGE, MAY 1730—

Your Petitioners having bought a parcel of Grain of Coja George, the said Markistnaraya came to your Petitioners, and enquiring if They had bought any such grain,he the said Markistnaraya bid them to follow him and come to his Master Anconah and thereupon Your Petitioners did go with him to the house of the said Ancona and after frequent delays and tedious attendance, your Petitioners were willing to go away, whereupon he the said Markistnaroyah evil bespoke them and Threatened the anger and punishment of Anconah for that your Petitioners should buy the said Grain and by such like method put in fear your Petitioners & demanded some money of your Petitioners whereupon your Pet^{rs}. was forced to pay unto the said Markistnaroyah forty 40 pagodas to be released and return to their business, then the said Markistnaraya would further have Custom allowed him, your Pet^{rs}. not Thinking any Custom could be due on a bargain between Natives refused to Comply with, nevertheless with Threats and menaces your Pet^{rs}. were obliged to pay him Twenty five 25 pagodas, before they could prevail upon the said Markistnaroya to let them go away. All which premises your Petitioners most humbly offer to your Honour's &c^{t}. Consideration hoping that your Honour &c^{t}. will grant your Petitioner Neina Satisfaction for the abovesaid assault & insults and Reparation for your Pet^{rs}. money extorted in manner aforesaid, and as in duty bound Your Pet^{rs}. shall ever pray.

Thomé, that during their absence Goda Anconah by force caused their grain to be Carried from their Banksalls to his own, and not only paid for it at his own rates but also took what allowance in the measure he pleased by which practices then and at other times These Pet^{rs}. are Sufferers to the amount of five Thousand four hundred 5400 pagodas & upwards as ℔ Account particulars Annexed for which he has further obliged them to sign receipts and discharges in full.

Diamond to be brought to him but that not being in the power of these petitioners They were sent away under a guard of peons, that the next day they were carried to the Governour at his Garden House, where after a great many menaces and threats of the pillory and being hanged and such like punishment for daring to sell the Stone to any but the Governour it was proposed that these Petitioners should pay three Thousand pagodas as a fine for this heinous crime, but these petitioners representing their poor condition and inability to pay such a Sum, it was at length brought down to one Thousand 1000 pagodas which sum They actually paid to the Governour besides which Anconah insisted on a Gratuity for interposing with his good Offices otherwise as he told these petitioners They had Surely lost their Ears, that Gopaul one of these Petitioners carried Seventy five 75 pagodas to Goda Anconah on this Account but he not contented therewith ransacked his Cl[othes] and found about him a Small diamond of more value which he took from the said Gopal, that Goda Anconah did also exact fifty pagodas on account of a diamond mortgaged to Ball Chittee and by him to the Governour and that after this These Petitioners did again fall un[to] the Governour's displeasure and were confined to the Choultry prison whe[refrom] They could not be released till [they] had further paid [to Goda] Anconah the sum of one hun^{d}. and fifty pagodas [150] which sum he has within a few days past returned to them.

Hoñble Sir &c^{T}.

In obedience to your Honours &c^{t}. orders we have been on board the Mary and made a strict and carefull survey of the Hon̄ble Company's Madeira wine and find it Stowed in good order and in good condition what we opened so that if any Leakage or wastage it must be wholly oweing to the badness of the Cask and not want of Care or judgment in the Stowage.

To the Hoñble George Morton Pitt Esq^{R}. &c^{r}. Council
of Fort S^{T}. George.

Sirs,

In obedience to your Commands I have herein given an Account of the State and condition of the Hon̄ble Company's ship Marlbrough.

The Report.

The Ship is very Crank notwithstanding what doubling is put on and her mast and yards lessened under proportion, she wants to be doubled higher for that which was put on at Pegue when Loaden is near a foot and half under water and all the doubling wants sheathing otherwise must be shifted every time her bottom is sheathed, which will soon split the Timbers and planks in peices. She is very leaky making ab^{o}. Seven inches water an hour in a double reefed topsail gale and three inches ℔ hour in fair weather and Leaks most when she is loaden and pitches much, which makes me believe most of these Leaks lie under the Cheeks of the head and about her doubling. She is in great want of Caulking both without board and within and when her Decks is well Caulked the Oakum works out of the Seams in bad weather which is occasioned by her planks not being well fixed to the Beams and

——*FORT ST. GEORGE, JUNE 1730*——

Carlains and I Conceive her bottom to have the same fault not being well put together, therefore will want some strengthening especially all the butts of the doubling which is only nailed and the most of the nails comes only through the planks. The Ship sails badly and did steer worse until in part prevented by a new Rudder which is big enough for a ship of Two hundred and fifty Tons and it is now Loose in the Gudgeons, so that some of the pintles or Gudgeons will be wanting new. I Cannot be Certain whether She will want sheathing until we see her on shore to examine her here and there within and without. She will want several odd jobbs to be done within board, as places fitted to run out the guns and the Hatches mended and a new barricado, Hen Coop, and the Hauser Holes want new Leading.

The Ship will want for a Voyage a Sett of new standing & Running Rigging and some Sails but may do for a small Trip with some small ropes.

She is in want of Two new Coire Cables and one Europe Cable in lieu of one taken up at Marlbrough, being oversized.

This is the best Account I can give of her at present, who am

THE HUMBLE PETITION OF BUGGIVARAM VENGANAH OF MADRAS, MERCHANT

SHEWETH

That Having been a most grievous Sufferer by the Late General Imposition of Tutanague in the time of Governour Macrae both in his Estate and Credit, he humbly offers to your serious Consideration a State of his Case & pray for some redress of the notorious injuries he has received. Your Petr. therefore sets forth that on or about the 16th. May 1727 a parcel of Coolys without his knowledge and against his Consent came into the yard of his House and threw down a parcel of Tutenague which he was told came by Sunca Ramah's order and was for his proportion, in all 372 whole peices and 254 half peices weighing Cands. 31. 5. valued Thirty three pagodas ℔ Candy besides one ℔ Cent dustore and amounting in the whole to Ps. 1041. 13. 40. that some time after a peon of Sunca Ramahs named Yellu and another in the Company's Service named Eyana came to him to demand the money, which he told them he Could not pay being very poor and unable to bear such a Loss as this must bring with it. They thereupon hauled your Petr. to Sunca Ramah who abused him with much Ill Language, and then Sent back the peons with him to his house to remain there as a Guard upon him, in which miserable state of Confinement your Petr. continued four or five days. Your Petr. having occasion to Go a little way out of Town Sunca Rama imagining he had fled first Set two peons and

——*FORT ST. GEORGE, JUNE 1730*——

then four Talliars and a Moorman as an additional Guard on your Petrs. brother who would neither let him Eat or Sleep one whole night, for your Petr. returned the next morning and was at the same time carried to the Governour's garden house as the Peons told him by order of Moodu Ramah, where were present Anconah, Com Chittee, Kishamah, Jaldoo Paupa, Moodu Ramah and Lancapilla Gruapah. Moodu Ramah told Anconah that your Petr. would not pay for the Tutenague and bid him get the Governour to whip him, and Sunca Rama coming in, said further to him (of your Petr.) this Rascal is agst. us. Sunca Rama pressed your Petr. for the money who could only use Entreaties to get himself Excused and pleaded poverty whereupon They all Left him and went to the Governour who Soon after sent for your Petr. and Enquired of him by Lancapilla Gruapah Interpreter, how he durst abuse Moodu Ramah, yor. Petr. denied the Charge, but being unable to Justifie himself against such powerfull Opponents in a cause which They were obliged to Support, and Sunca Ramah at the same time whispering something in the Governour's Ear, the Governour Immediately ordered the Chubdar to give your Petitionr. Ten blows (which Sunca Rama desired might be well laid on your poor Petr.), after this great indignity was hurried away forthwith into the Choultry prison, and as the Talliars said by order of the Governour, put into the most filthy place in it where all the prisoners ease themselves and in this miserable condition remained Three days. Your Petrs. brother then went to Moodu Rama and represented to him that your Petr. had eat no victuals for all that Time and desired he might have the Liberty allowed him to come home to eat, but Moodu Ramah only abused him and threatened They should both be put in the pillory and be hanged and the like althô he afterwards gave Leave for your Petr. to go to the next house adjoyning to the prison to eat in which uncomfortable manner your Petr. Lived about fifteen days, having but one meal every day. Your Petrs. brother in the meanwhile laboured to procure your Petrs. releasement and applied to Moodu Rama very earnestly who referred him to Anconah and he again to Sunca Ramah, So that your poor Petr. was Turned off from one to another in this Sorrowful manner without any hope of redress. Upon your Petrs. brother's further Application Moodu Rama bid him if he had no money by him to Sell off the Tutenague and raise some to which your Petrs. brother answering that he was but a boy and did not know how to manage such a large Concern, he bid Jaldoo Paupah Assist him in the sale of it which being in this Extraordinary manner at length obliged to do, it produced no more than Ps. 927. 18. 45. So that the difference in price comes to Ps. 113. 30. 75. for which Your Humble Petitioner desires Satisfaction may be made him together with the Lawfull interest thereon as well as for the manifest and Violent injuries as above set forth which he has most wrongfully sustained in his person and Character.

TO THE HOÑBLE GEORGE MORTON PITT ESQR.

PRESIDENT AND GOVERNOUR OF FORT SR. GEORGE &cr. COUNCIL.

Your Petitioner Terwarree Arajingee Nautjee Shroff and Inhabitant of Madras, having among many others Suffered very considerably in the late Calamitous times by the grievous imposition of Goods on the Merchants of this place at unreasonable prices, prefers his Complaint to Your Honour &ct. for redress. What he has immediately Lost by this new and Arbitrary way of proceeding will appear by the annexed Account which he declares to be just and is willing if required to Confirm with his Oath, and he humbly submits it to the Consideration of your Honour &ct. whether it be not an additional hardship on your Petitioner to be forced thus upon a trade so foreign to and inconsistent with his profession, which nevertheless your Petitioner was compelled to submit to under dread of exposing himself by a refusal to a worse prosecution, although on occasion of the first parcel of Tutenague being put upon him, he ventured to make Application to the then Governour Mr. Macrae for relief, and accordingly preferred to him a petition of Complain[t] but to no manner of Effect for the Governour took no further notice of it than to Turn him off to the Heads of the Casts, who plainly told him he must be satisfied and Take his lot in common with the rest of the people.

Your Humble petitioner Medcalf Neina Chittee of Madras Merchant, having Carried on a Considerable trade here for many years past and therein all along acted in Conformity to the established rules for the good regulation of the place, which he hopes and thinks will entitule him to the protection of an English Government, and being further Encouraged by the gracious Assurances your Honour &c[t]. have given that the injured person shall have recompence for his wrongs, begs leave to represent to you that during the administration of the late Governour M[r]. Macrae the Merchants of this place in general were very considerable Sufferers by having Goods put upon them against their Consent and at exorbitant prices, which nevertheless They have been obliged to receive to their certain Loss and prejudice, under dread of exposing themselves and families to immediate ruin by a refusal and offers the annexed Schedule to your Consideration as a proof that he is an unhappy instance of this grievous oppression in particular, which he declares to be a just Account and is willing if required to Attest by the most Solemn Oath.

He has also ready to produce, receipts for the money for these goods Signed by Somadrue Governour Macrae's Conicoply, and thinks fit to mention that the four following persons namely Pooteah Kistnamah, Veraugo, Peiremaul Raja, and Mootealoo, all peons in the Hoñble Company's Service, were employed in Collecting these moneys.

Your Petitioner therefore craves redress of the injuries he has received from mo[st] notorious Abuses of the public Trust, & hopes his Case will sufficiently recommend itself to your Consideration since by these measures the fortunes of the fa[rm] Trader are rendered very precarious to the manifest Scandal and detriment of the Common Interest.

—*FORT ST. GEORGE, JUNE 1730*—

To the Hoñble George Morton Pitt Esq^r^.

President and Governour of Fort S^t^. George &c^a^. Council.

Your poor Petitioners Gopaul and Gruapah of Madras, Merchants, humbly complaining to your Honour &c^a^. Set forth that having been concerned in the Sale of a Large Diamond in this place on or about the month of December in the year 1726 the late Governour M^r^. Macrae did thereupon by force and other Ill means extort from them the sum of one Thousand pagodas, and that on or about the same time and on the same Account Goda Anconah his Servant did also force from your Pet^rs^. Effects and moneys to a Considerable value, for proof of which They take the Liberty to present a State of their hard case, and implore your favourable Assistance for redress of their Grievances.

Anconah having come to the knowledge of our having had in our possession the diamond beforementioned sent for us to his house where we found Ball Chittee & several other persons and in their presence enquired of us how we had presumed to carry such a stone to any one in town before the Governour, adding that we should go back & fetch to him to which we replied it was out of our power because it was sold. This happened in the evening and at ten a Clock that night Anconah sent us under charge of his peons to Tagapanaigue's house, who locked us both up together in a godown belonging to the House, Gopaul had been confined there about four hours when one Nallum Juggoo (who in the mean time had Interposed in his behalf and on promise [to] become Surety for him had procured Anconah's order to release him for the present), came and Carried him away, the next day about nine in the morning we were both Carried to the Governours Garden house under charge of Changala Raya with other Talliars where were present Anconah, Ball Chittee and the aforesaid Nallum Juggoo the first of whom met us at the door of the Chamber & used several very severe menaces serving to intimidate us and then introduced us to the Governour, who upon our entrance rose up from his Chair and walked across the room expressing much passion, and as it was represented to us by the said Anconah his dubashe, Threatened us with the pillory and Cutting off our ears for presuming to Carry any Goods so Clandestinely about Town when we knew it is our duty to bring them to him first as our Governour we were under the greatest Terror and Consternation at this Treatment but however ventured to answer that being entrusted with the sale of such a stone we had carried it about the Town indifferently and so had disposed of it to the best Bidder. Anconah thereupon asked us who that was, which we be[ing] Merchants and used to trade with the English thought it was necessary to Conceal, till being pressed to the uttermost we were obliged to declare the name of the Buyer and the ter[ms] of the sale which were that part only of the money had been then paid for it and a note payable in few days was given for the remainder upon which the note was immediately called for and being accordingly produced, they seemed so Satisfied that the diamond was actually sold.

Anconah then charged us with a breach of our duty in having acted in this manner, and threatened us with the ill Consequences of it if we did not some how or other make up the matter privately and proposed to us to offer the Governour first Three Thousand pagodas and then Two Thousand pagodas, either of which Sums we represented to him we were utterly incapable of paying, and at length Compromised the matter for the sum of one Thousand pagodas to be paid to the Governour, & upon this Telling Anconah that we had no money by us he (Anconah) immediately carried us both down to M^r^. Pyot the Governour's Bookkeeper and made us sign a note in our own name to the said Pyot for the said sum of one Thousand pagodas as borrowed of him at the signing of which note the Governour's Conicoply Somadrue was present. This money we took with us up Stairs and gave the bag into Anconah's hands who before us and in the presence of Ball Chittee and Nallum Juggoo beforementioned, put it into the hands of the Governour who then Sat smoaking on a Couch in the room who accordingly took the bag and looking all round to see if any one observed, put it under the pillow of the Couch. As soon as this was done the Governour gave to both of us and to the said Nallum Juggoo Three

yards of broad cloth each and so dismissed us. But Anconah attacked us next and saying he had Interposed very earnestly in our favour or we should surely have Lost our ears, told us he expected some acknowledgmemt for his trouble, whereupon Gopaul carried the next day to Anconah's house Seventy five 75 pagodas in money in order to pay the same to him, but Anconah suspecting he might have something better about him, ransacked the Cloth that was tied round his middle and took out his purse in which There was a Cutt Stone of a quarterless Two mangelines and about one hundred pagodas value he took this Stone from said Gopaul letting alone the money, although Moodu Ramah who was present desired Anconah not to Take away the Stone. This Gopaul paid and Gruapah having at the same time a diamond in the hands of Ball Chittee mortgaged for five hundred pagodas taken up upon it which the said Ball Chittee mortgaged again soon after to the Governour for that sum. Anconah stopped fifty 50 pagodas out of his money.

Some time after this we had the misfortune to fall under the Governour's displeasure again and were confined in the Choultry prison and on Anconah's promise to procure our releasement we gave him jointly the further sum of one hundred and fifty 150 pagodas; but this money Anconah has within a few days past returned to us so that we have no demands upon him for the same.

THE HUMBLE PETITION OF CORALA TIMAYA & MOOPAR CHITTEE EYANAH.

SHEWETH

Whereas your Petitioners have for several years past carried on a considerable trade in Grain and other goods to this port from the Northward accordingly in or about the month of February 1728/29, They imported a very large Quantity of Paddy and other goods, but instead of meeting with the protection of the port as usual, having paid the Company's Lawfull customs &ct. Goda Anconah Servant to the late Governour Mr. Macrae has forced your Petrs. to let him have their grain at his own prices to whom your Petrs. were unwilling to Consent. Then the said Goda Anconah begun to give your Petrs. abundance of trouble. Your Petrs. out of fear of some ill Consequence went to St. Thomé while They were absent the said Goda Anconah begun to carry away the Grain by force, which your Petrs. hearing returned to this place, when They arrived Anconah abused them and kept the Company's peons & his Conicoply Markistnaraya over their banksalls and abused and Threatened the Measurers to make him a good measure which They accordingly did, and carried to his godowns the particulars of which your Honour &ct. will perfectly understand by the Account of the Grain, and also that the abovenamed Anconah has forced them to give receipts with their Signs in his book which They were obliged to do by reason of his unlimited authority over the Black Town. Therefore your Petrs. most humbly offer this to your Honour &ct. consideration that these matters may be Examined that your Petrs. may have justice and Your Petrs. as in duty bound shall ever pray.

The petition of Muta Muten, Comra Collati, Mooteapah, Chinaan and Anda Chittee was read, setting forth that Goda Anconah, Markissayah his servant & others his adherents had by imprisonments, insults, assaults, & other violent methods to their persons squeezed, Extorted, amerced and plundered their Goods to the amount of six thousand four hundred 6400. pagodas and upwards, the Accounts of which are particularized in the schedule annexed to the petition entered after this Consultation—the Articles They consist of are Rice, paddy and other Species of Grain which had been forcibly put upon them in the most audacious & insulting manner at very extravagant rates, that the power exercised by the said Anconah was so excessively exorbitant that not only these petitioners but the Company's Merchants and others the best of the Inhabitants were obliged not only to submit to his wrongs and Cruelties without complaining but even to flatter the vanity and sooth with a Servile adulation the Licentious power of this high raised Favourite—which the Petitioners beg may be accepted as a Sufficient plea for not having sooner made their complaints in a publick manner since there was not the least hopes of redress and the greatest reason to dread his violent resentment and revenge.

THE HUMBLE PETITION OF MUTA MUTEN, COMRA COLLATI, MOOTEAPAH, CHINAAN AND ANDAH CHITTEE

SHEWETH

that your Petitioners having already addressed this Hoñble Board with a Complaint against Goda Anconah, Marcasayah, his Servant and others his Adherents for Squeezing, Extorting, Amerceing & plundering the goods and Effects of your Pet^{RS}. also for imprisonments, Insults, Assaults, and other violent methods by him and them acted with and towards your Pet^{RS}. persons & propertys and whereas your Honour &c^{T}. have been graciously pleased to Listen to our said General complaint and most favorably promised to do Justice and grant satisfaction to your Pet^{RS}. on all such persons who shall by due method and process be Convicted of so doing, at the same time requiring of your Pet^{RS}. to give in as soon as may be some particulars of those facts before hinted at, Your Pet^{RS}. now most humbly present a schedule hereto annexed whereby your Honour &c^{T}. may at one time observe how grosly and barbarously your Pet^{RS}. have been Harrassed, plundered, &c^{T}., as aforesaid—many have been the practices of the Said Anconah and his Servants, So various and so unheard of have been his Artifices that They are not only astonishing but almost incredible to an Engish Government—yet however preposterous They may appear at first sight Your Pet^{RS}. only desire that proof and the most solemn Evidence may be the measure of your judgment.

The said Schedule contains about forty four articles whereby it appears your Pet^{RS}. have been Sufferers upwards of Six Thousand four hundred 6400. pagodas by several parcels of Rice, paddy, Grain, Natcheni, Oilseeds, and other Species of Grain which he the said Anconah hath forcibly put upon your Pet^{RS}. Sometimes by abusive Language and threatenings to go to the Hoñble Governour and lay some charge & complaint against your Pet^{RS}. whereby as he said your Pet^{RS}. should be put in the pillory, lose their Ears, and be whipped out of the Company's bounds, sometimes Harrassing your Pet^{RS}. with frequent messages and attendance upon him, and in case of your Pet^{RS}. not coming upon Such summons, frequently hath he sent his peons Pooteah Kistnamah, Veraugo, Raganaculoo, Jangomiah and others to haul and drag your Pet^{RS}. by force from their families, and having expelled your Pet^{RS}. shut up their shops and Warehouses to prevent their Trade and livelyhood till your Pet^{RS}. should submit to his impositions. many times have his Servants Compelled your Pet^{RS}. to be in his warehouses wherein his Grain was measuring as if by Consent, commanding the Coolys to Carry such and such parcels to Such and such Godowns belonging to your Pet^{RS}. where the Coolys would by his order Set it down before the door and leave it to rapine and the weather—at the same time commanding your Pet^{RS}. to take, buy and pay for such parcels thus forceably thrown upon their hands and upon non-compliance or even endeavouring to put off the payment the said Anconah and Markasayah have beat, bruised, whipped, and confined your Pet^{RS}. not only within doors but even uncovered in the Sun till payment—yea, many times have They so done even for refusing to receive some parcels of rice and Oil Seeds though at the most exorbitant prices. If your Pet^{RS}. Scrupled to buy or take at such prices, giving for reason the order of Consultation whereby all persons were forbid to buy or sell above such Limited rates, and your Pet^{RS}. then saying they were afraid that the

Governour should hear of such bargains and They be most Justly and Severely punished, he the said Anconah would Laugh and put a scorn and contempt on the said order of Consultation, Saying who should Tell the Governour of what he does? who dare to complain of the dearness of his rice? he always would stay by the Governour, and If your Petrs. would Take his rice at his price, They might sell it again without fear of persecution upon the said order of Consultation.

If it should be asked why your Petrs. Submitted to such Severities? or wherefore did not your Petrs. make a regular complaint of these Things before? Your Petrs. must appeal to the knowledge of all men, how often They have complained of these Things in a private manner, and should undoubtedly have been more ready to have done the same in the most Public and solemn manner, had your Petrs. any hopes of relief, or could They have been secure from the resentment & revenge of this great favourite of the then Governour's whose authority and dread Servitude were so deeply implanted in every man's heart, that your Petrs. Complaints were only answered by a Comparison of other the like facts upon other Inhabitants, no one dared to council or advise your Petrs. to Complain, no one could flatter your Petrs. with hopes of Success—many petitions have undoubtedly by this time convinced your Honour &ct. that the said Anconah hath so used the greatest of Merchants, that the best families in town have occasion to murmur at his Impositions, the Company's Covenanted Merchants Confess They have felt his extortions and abuses, and so far were They from complaining that They then thought it their Interest to flatter the vanity and Sooth the Licentious power of this favourite by the most Servile adulation and attendance upon him all hours in the day and night—the Company's sworn measurers made their Court to him by false measurage and perjury—the Company's peons neglected their duty and at his beck and word, Harrassed and watched over the Confinement of such as were so unhappy as to be the objects of his passions—every man in the Street hath seen him publickly triumph over the sacred rights and distinctions of the Casts & Sects, and made the very Churches his hoards to Secrete Grain, under a pretence of Charity when in truth he brought forth the grain privily and sold it at midnight for double the Consultation price—these and many more public and private Tokens and most convincing marks of his arbitrary Sway over all men and all things in the Black Town, your Petrs. hope will be Thought Sufficient reasons for their passive acquiescence and non prosecution against a Torrent of power during the administration of his Master the late Governour Macrae.

Your Petitioners having thus laid open the accots. of their Losses, the manner of their Sufferings and fully answered the objections of undue and untimely Complaint, Your Petrs. most humbly pray for a full and free hearing to all and every the premises above Set forth, and hope for Such relief as in your Honour's &ct. Great wisdom, justice and affection to an almost ruined people may be found due.

and Your Petitioners,
as in duty bound Shall ever pray.

petitions of Compls. against Ancona dd.

by Grain Merchant.

from Mamodue Chittee Tomiah Setting forth that he having been a Considerable Trader to the Port in Grain and other goods, had always received good usage & encouragement till the beginning of the year 1729, when some of the Petitioners concerns arrived under the care of two attorneys, whom Goda Anconah Servant to the

——FORT ST. GEORGE, JUNE 1730——

late Governour Mr. Macrae sent for by a Peon and demanded a Certain quantity of Grain of them, but They endeavouring to evade it by saying They were not the Owners but only Servants and that what They had in possession was already contracted for, the said Goda Anconah was in a great passion, and after he had threatened & abused them bid them in particular take care of tomorrow, that in the morning Goda Anconah went to the Govern^r. what Complaint he alledged there is unknown to the Pet^r. but his servants were ordered to be whipped five Strokes with a Chabuck at every Banksal, that on hearing of this order one of his Attorneys made his escape but the other named Maurollee Juggoo underwent that punishment, the pain of which threw him into a fever and flux of which he languished about a month and then died, that some Servants whose particular duty it was to take care of the Pet^rs. Effects were so terrified at the punishment, fled and left his Godowns exposed to force and rapine, and that a Great part was actually stole away, that the day after the punishment was given Goda Anconah Sent for some other of the Pet^rs. Servants and asked them in an insulting manner if They were grown wiser and whether They would comply, who being obliged to submit, the said Anconah commanded away a certain parcel of Rice and Paddy which was then worth above one hundred and fifty pagodas, but he would only pay them sixty pagodas and obliged them to Sign a discharge in full, by which matters the Petitioner is a Sufferer above Two hundred twenty nine pagodas.

from Veranasa Narran setting forth that he being a considerable dealer in Grain, Goda Anconah Servant to the late Governour M^r. Macrae, did oblige him to deliver several parcels of Grain, for which he would only pay him at his own rates, whereby he has been a Sufferer one hundred seventy eight pagodas, and that the authority exercised by the said Goda Anconah was so exorbitant that it would have been in vain then to make complaints, much less to hope for any redress. by Grain Merchts.

from Porponde Ragganaguloo, setting forth that about the month of February 1728-9 he imported here several parcels of Grain and other goods which Goda Anconah Servant to the late Governour by his arbitrary practices publickly hindered this Pet^r. from selling to any, in order to make him Submit to such prices as said Goda Anconah was pleased to give, that the Pet^r. having sold some parcels without the permission of said Goda Anconah he obliged him to pay as a fine for that Trespass, the Sum of Four hundred and two pagodas, that being Terrified by such unjust and violent methods, he Complied with said Goda Aucona's other unreasonable demands by which he suffered to the amount of nine hundred and Seventeen pagodas as ℔ Account Annexed for which he prays redress.

from Mudala Numashavia, setting forth that he being a Considerable dealer in Grain and other goods, did accordingly Import a large quantity about January 1728-9 a great part of which Goda Anconah servant to the late Governour M^r. Macrae did take from him without agreeing for any price, and that he has not to this day rendered him any satisfaction for the same and that by this Illegal and unjustifiable practice, he is a Sufferer near one Thousand Six hundred pagodas as ℔ Account Annexed, for which he desires redress. Grain Merchts.

from Vishvinaadah Company's Shroff, complaining that about the 5th. September 1726 he being sent for to the Governour's Gardens to Shroff and bag a parcel of pagodas and attending for that purpose, an alarm was made of a bag of one Thousand pagodas being Stolen out of one of the rooms on which every one present was strictly searched, but nothing found, that Gooda Anconah first charged the robbery on M^r. Pyot's Conicoply and Dubashe, and sent them to the Choultry and then charged the same on this Informant & accordingly sent him to the Choultry prison, where he remained fifteen days, in which time he was pressed by Anconah to Sign a promissory note for five hundred pagodas, but he refusing to do so was put into closer Confinement and kept without Sustenance, that this Informant's father and Father in Law made earnest solicitation in behalf of this Informant, but instead of meeting with redress They were whipped at the Governour's Garden house Twenty one blows each with a Chabuck and sent to the Choultry where they were severely treated, that Goda Anconah sent to this Informant to Tell him he must not Hope for his Liberty but Company's Shroff.

——FORT ST. GEORGE, JUNE 1730——

Expect worse treatment If he did not sign the said note, that being in these Circumstances he thought himself under a necessity to Submit and did accordingly sign the said note for five hundred pagodas, and was thereon released, that about two months after the said theft was found out to be committed by the said Mr. Pyot's Conicoply and great part of the money recovered, that Goda Anconah under pretence that this Informant was concerned therein, sent him again to the Choultry prison and loaded his legs with heavy Chains (without giving him any opportunity of justifying himself), and there kept him in that misery for a whole month at which time he let him understand by one Wooteapah, that if he would part with a certain parcel of Redwood in this Informant's possession he might procure his releasement, and this Informant despairing of obtaining his Liberty by any other means did at length submit thereto and Somadrue the Governour's Conicoply did weigh the same off, being in value one thousand six hundred and eighty pagodas, of which this Informant has been wholly deprived and not received the least Satisfaction whatsoever besides Two hundred pagodas he paid on account of the said promissory note.

To the Hoñble George Morton Pitt Esqr.

President and Governour &cr. Council of Fort Sr. George .

The humble petition of Moomadue Chittee Tommiah

Sheweth

that your Petitioner hath for many years been a considerable Trader to this port in Grain and other goods from the Northward, and having duly paid the Hoñble Company's Customs and other the usual port charges, always met with good usage and encouragement till some time in the month of March 1728-9 when some of your Petrs. Concerns arrived at this port under the care of Two Gomastah's, one named Maurollee Juggo, the other Strepaudum Nersia whom Goda Anconah of this place, Servant to the late Governr. James Macrae Esqr. sent for by his peon Jangomiah & demanded of them to deliver to him two garse of rice and two of paddy which They endeavoured to evade and assured him they were not the owners thereof, but only employed as servants to your Petr. to dispose of the said goods, beside which all the rice and paddy They had in their possession was already contracted for and They could not Sell it to any other person, at which refusal the said Goda Anconah was in a great passion with your Petrs. Servants and after having threatened and abused them bid them in particular take care of tomorrow, in the morning the said Goda Anconah went to his Master the then Governour and formed some complaint of what your Petrs. Servants knew not, but They were thereupon ordered to be beaten with a Chaubuck five Stripes at every Banksall, at the hearing of which Strepaudum Nersia made his Escape but the other Maurollee Juggoo underwent that punishmts. of which when your Petr. saw him a month after he was in great torment and the pain thereof threw him into a flux and fever, of which he died the day after your Petr. saw him—all the rest of your Petrs. Servants whose duty it was

——*FORT ST. GEORGE, JUNE 1730*——

to look after the Banksals fled for fear and left your Petrs. Goods exposed to rapine, by which your Petr. lost near the value of one hundred and twenty pagodas which was actually stole from your Petrs. Banksals at that time, the day after your Petrs. Servant had received the aforesaid punishment, Anconah sent for them again to his house and asked them in an Insulting manner if They were not grown wiser, and whether They would comply with his demand, to which your Petrs. Servants could answer no other than That he might do his pleasure, and he thereupon sent Marcasaya with a mercal, who after his way Caused to be measured one garse and twenty mercal of rice and Three hundred and sixty mercal of paddy, which with the overmeasurage was then worth to your Petr. Ps. 150. 4. 58 for payment of which sum your Petrs. Servants often attended on the said Anconah and at last received from him sixty pagodas, on the payment of which he insisted that They should Sign a full discharge which They accordingly did by which matters afore related, it doth appear that together with the Interest now due thereon, your Petr. is a Sufferer by the said Godah Anconah to the amount of Ps. 229. 30. 58. and therefore prays your Honour &ct. will please to grant a General relief,

and Your Petr. as in duty bound, shall ever pray.

The humble Petition of Poorpondee Raganaculoo
Sheweth,

that your Petr. on or about the month of February 1728-9 imported several quantities of grain and Goods at this port, on which your Petr. did pay the Lawfull customs &ct. well hoping to have the free Liberty of trade in this place as hath been for many years allowed of, but [so] it is may it please your Honour &ct. your Petr. hath met with great oppression and hard usage from one Goda Anconah Servant to the late Governour James Macrae Esqr. who hath forc'd your Petr. by threats and otherwise to deliver him several parcels of the aforementioned Grain and other goods at such prices as he pleased, in order the sooner to make your Petr. comply, he hindered your Petr. from selling said grain or goods to any other person and for having sold some parcels without his permission or knowlege, he obliged your Petr. to pay him the sum of four hundred and two pagodas, by which unjust and violent methods your Petr. being intimidated, was obliged to Consent to all the said Goda Anconah's unreasonable demands; whereby your Petr. is a Sufferer in the whole, to the amount of nine hundred and seventeen pagodas, as will more evidently appear by the account particulars hereunto annexed, in which matters your Petr. humbly prays your Honour &ct. to grant a general relief.

and as in duty bound, shall ever pray &ct.

Town of Madraspatnam Ss.

The Information of Vishvinaadah of the town of Madrasapatnam Shroff taken upon oath before me Robert Symonds, one of y^e. Justices of the peace for the said Town.

This Informant saith, that on or about the fifth day of September 1726 he was called to Shroff and bag a parcel of pagodas for M^r. David Pyot deceased private Secretary to the then Governour M^r. Macrae, and that at the time of his attending for that purpose there was an alarm of a bag of one Thousand pagodas being lost, immediately upon which every one that was found thereabouts was strictly searched and examined and among the rest this Informant, but nothing could be found at that time, that Anconah Servant to the said M^r. Macrae first charged the said M^r. Pyot's Conicoply and Dubashe with the robbery and upon their denying it sent them prisoners to the Choultry, after which he taxed this Informant and in the same manner sent him to the Choultry prison where this Informant continued in confinement about fifteen days without any relief, that on this Informants application to Anconah for a releasement, He (Anconah) proposed that this Informant should Sign one promissory note for five hundred pagodas and the poligar another note for the like sum in order to make up the loss aforementioned which terms this Informant refused, and was thereupon ordered into very Close confinement and the peons that were set over him had directions not to suffer any manner of Sustenance whatsoever to be brought to him, on which melancholy Occasion this Informant further saith that his Father & father-in-Law made their Earnest application to the said Anconah for this Informant's release, but that instead of meeting with relief the said Anconah by his Influence with the said Governour M^r. Macrae did cause them both to suffer at the Garden House Twenty one blows with the Chaubuck and then sent them from thence prisoners to the Choultry, where They were treated in a very severe manner, that some time after this the said Anconah sent word to this Informant in the prison aforesaid, that the Polligar had on his part Signed a note for the five hundred pagodas and that he this Informant till he shoud do the like, must not hope to recover his Liberty, but might expect worse treatment, which Threats so far terrified this Informant that he found himself under a necessity to submit to this violence, and accordingly he did on his part likewise sign a note for five hundred pagodas, w^ch. procured his release at that time, but this Informant further saith, that about two months afterwards it was discovered that the said M^r. Pyots Conicoply by name Ramah, had committed the Theft, and such part of the money as the said Ramah had not yet expended, as well as part of what he had expended was actually recovered from him the said Ramah, but that nevertheless as this Informant has good reason to conceive by the tampering of some of the said Ramah's freinds with the said Anconah in order to take the odium in part off the family, the said Ramah charged this Informant with having received four hundred pagodas of this money, whereupon the Said Anconah did order this Informant without Giving him an opportunity of justifying himself, again into the Choultry prison, and caused heavy Chains to be put upon his Legs in which great misery this Inform^t. Lay for a whole month and till he understood by his uncle Wooteapah whom Anconah had sent for for that purpose, that he might procure his releasement upon condition that he would part with a quantity of red wood which he had then lying in the place, which at length this Informant was obliged through despair of Gaining his Liberty otherwise, to Give his Consent to, and that accordingly Sumadrue the late Governour's Conicoply weighed off the whole parcel as four hundred and fifty Candies whereas it really weighed four hund^d. and eighty Candies and this Informant has never to this

day received from any person whatsoever any satisfaction or value for the same although the Current price was then Three pagodas and a half ℔ Candy, at which rate this Informant has in this article suffered an actual Loss of one Thousand Six hundred and eighty pagodas, besides which, this Informant doth further declare that he hath paid two hundred pagodas in part of the note for the value of five hundred pagodas extorted from him in the manner above asserted.

Petition of Complaint agst. Anconah dᵈ. by the Bag Coolies.

A Petition from the Bag Coolies or Grain Carriers was read complaining that Goda Anconah Servant to the late Governour Mr. Macrae did frequently employ them in Carrying burthens, but that he did not pay them according to the Stated rules of the place, but obliged them to accept of what he pleased to give which was less than their real due Three hundred twenty one pagodas, eighteen fanams and twenty five Cash, and as the Petrs. have only their daily Labour to support themselves

——FORT ST. GEORGE, JUNE 1730——

and families, humbly pray redress—this petition referred to the Hoñble the Mayor's Court. Examinations by the Board touching the general Complaint of false measurage of Grain.

It being observed that in the petitions of the Merchants dealing in Grain, there is constant complaint made of undue measurage, although there is an Officer particularly appointed for that purpose and Sworn to do justice, wherefore the Town-Measurer was Called for and being examined on this head, he acknowledges that of late there has not been justice done to the Merchants in measuring their Grain for that Goda Anconah gave him orders always to take over measurage, and that he represented to Anconah the Ill consequences of such a practice, but that he bid the measurer do it and Anconah would take the Ill consequences upon himself, that in pursuance to his orders he used sometimes to take more but never less than forty mercals in every Garse he measured for Anconah of Grain Seeds &c^{a}. the quantity of which he says to the best of his knowledge, amounts to Six or Seven hundred garse, but says when the same Grain Seeds &c^{a}. were delivered again to others he did not make any allowance but Struck the mercals to even measure, he further saith that Anconah's peons frequently Locked up the Company's Mercals, so that none could measure but as he pleased, and that They customarily measured the Grain all the day and in the night time carried it away, that after the Company's order for selling twelve mercals of paddy for a pagoda, the poor people could get none in the buzar it being all carried to Anconah's godowns and sold in the night sometimes for ninety pagodas ℔ garse.

then being Questioned concerning the measurage of the Two hundred Garse of Paddy said to be bought on the Company's Account he declares that he used the same method as he did in that bought for Anconah both in the receiving in and delivering it out, and that the Merchants Seeing They should not be fairly dealt with, frequently abandoned their Grain and left him to measure as he pleased. Examin^{a}. taken touchg. the Large parcel taken in y^{e}. Comp^{s}. name by M^{r}. Macrae.

Messieurs Symonds, Roach and Hyde declare that M^{r}. Newcome, who was appointed by the Governour to see that paddy measured that was taken on the Company's Account, told them There was gained on the measurage from fifteen to Twenty ℔ Cent, that M^{r}. Newcome perceiving this Ill practice, forsook that Office, but was ordered back to see it finished and Major Roach says he offered M^{r}. Macrae a bag of pagodas to have the profit on measuring that Grain, for that there was above fifteen ℔ Cent to be gained by it, but M^{r}. Macrae answered that he had already Given the key to Ball Chittee. the false measurage taken thereupon Confirmed by sev^{l}. witnesses.

Nairo Kistnamah Chittee and Com Chittee Betle and Tobacco Farmers, paid eight hundred thirty three pagodas twelve fanams for one months rent due the 5th. Instant. Betle, and

Poncala Kistnah Farmer of the arrack and wine Licence pays into cash Three hundred thirty five 335. pagodas for one months rent due the 5th. Instant. Arrack farm rent paid in.

George Morton Pitt Esqr. Governour President. Saturday 20th.
John Roach. Randal Fowke.
Samuel Hyde.

The Accomptant acquaints the Board that on examining the Cash Account for April last, he found an Error of Three Thousand pagodas which was occasioned by that sum being placed in an Inner Column and not carried out, and thereby omitted to be cast up with the General receipts and the reason he believes that that omission was not discovered at the delivering over the Cash was that a note given by the Shroffs for fanams Delivered them to be exchanged to that amount, was not then Taken notice of, which note being produced & approved of, Ordered that the sum of Three Thousand pagodas be brought forward, which will make the real ballance of Cash the fourteenth of May, one hundred Seventy two Thousand and fifty four pagodas two fanams and Sixty Cash 172054. 2. 60. an Error in the Cash Account adjusted.

Samuel Hyde Land Customer pays into cash five hundred fifty eight pagodas fourteen fanams & Seventy two Cash 558. 14. 72. being the ballance of his Account the last month. Land Custrs. Balls. paid.

Two petitions of Complaint against Goda Anconah were read, and are in Substance as follows. Pets. of Complaint agst. Anconah dd. by

from Jellapilla Naugonah, setting forth that in the year 1720, Gooda Anconah intending to go up in the Country, delivered to this Petitioner a Considerable sum of money to remain with him at interest and also left with him a bond payable by Mar Kistnah, that during Gooda Anconah's absence, the Petr. paid to his order the whole Jellapilla Naugonah

amount of the money so entrusted, and that the bond from MarKistnah was not nor could be recovered, that after Anconah was Settled in the service of Govern^{r}. Macrae he sent for the Pet^{r}. and told him that what money had been paid to his order was of no signification and that he should be further Accountable for the bond of Mar Kistna's for five hundred pagodas, and that he did by Confining the Pet^{r}. and his whole family near Three months, oblige him to give bonds to the amount of Three thousand five hundred pagodas, that some time after in Consequence of one of these bonds being for Two Thousand pagodas, he was again kept a prisoner till by selling his houses and other means he raised P^{a}. and paid the sum of Two Thousand two hundred & thirty and that being again Confined, Goda Anconah obliged him to give further bond for Two Thousand pagodas in lieu of the other as forcibly obtained for one thousand five hundred.

by Oil Cast.

from Yeagapah and Neinapah Heads of the Oil Cast Setting forth that Goda Anconah had by the great authority he was suffered to exercise over the Inhabitants of this Town, imposed upon the Petitioners sundry parcels of Oil seeds at extortionate rates, and otherwise squeezed out of them sums of money, by which They are sufferers to the amount of one thousand one hundred eighty eight pagodas as ℔ Account delivered, that one of the parcels he so imposed upon them amounted to Two Thousand one hundred and eight pagodas, for which They gave bond, and the whole Cast being answerable for their Several proportions, Anconah's peons shut up Several of their shops and put Chops upon the doors, and others of them were put into the violent heat of the Sun and there kept with their heads drawn down to their toes by Cords and Stones laid upon their backs. These petitions were referred to the Mayor's Court.

Companys Merch^{ts}. deliver in depositions concerning the Tutenague affair

A Letter from Sunca Ramah and Tomby Chittee was read, Setting forth that They having been informed that in a paragraph of the last General Letter to England They are accused of buying a parcel of Tutenague of the late Governour and afterwards forcing the people to Take it at more than the market price, that therefore They had drawn up the whole of that affair as it relates to each of them in Separate Schedules, to the truth of which They have solemnly sworn and beg leave to present the same to this Board, that the Company may not be possessed of an opinion of them which They do not deserve and they likewise request (as this affair has made so much noise in the town as partly to Occasion a presentment of the Grand Jury), that They may be permitted to deliver in the same information before the Justices in full Court in order that an Imputation so highly prejudicial to their credit and reputation with their Casts, and so very necessary to Enable them to do the Company's business, may be fairly cleared up.

We the Hoñble Companys Joint Stock Merchants being informed that in a paragraph of the last General Letter to England, We are accused of buying a parcel of Tutenague of the late Governour & afterwards forcing the people to take it at more than the market price, We have drawn out the whole of that affair as it relates to each of us in the Schedules hereto annexed to the truth of which we have solemnly sworn and now beg leave to present the same to this Hoñble Board that the Company may not be possessed of such an Opinion of us which we do not deserve, and we

likewise request (as this affair has made so much noise in the Town as partly to occasion a presentment of the Grand Jury) that we may be permitted to deliver in the same information before the Justices in full Court in order that an imputation so highly prejudicial to our Credit and reputation with our Casts (so very necessary to enable us to do the Company's business) may be fairly Cleared up.

The Examination of Sunca Vencatachelum of Madraspatnam Merchant taken upon oath before me John Roach one of his Majesties Justices of the peace for the said Town. The town of Madraspatnam. SS.

This Examinant saith that M^r. Macrae late Governour of this place, in the year 1727 sent for this Examinant and the rest of the Company's Merchants and proposed to them to Take one thousand Candies of Tutenague of him, which was strenuously opposed then by the Instigation of Goda Anconah he ordered us to put it upon the Casts, to which this Examinant and the rest answered They could not, then he bid Añconah and Somadru destribute it, to this Examinant with the other Merchants went to Anconah's house who drew out the List of the people to whom it should be sold but this Examinant and Moodu Ramah finding there were very few persons named, did prevail on Anconah to permit them to draw out a List more at large that so the loss might fall lighter upon the people by being divided among so many more, this new list was delivered to Somadrue who weighed off five hundred Candies to this Examinant's Cast people. When this destribution was almost Compleated M^r. Macrae by Instigation (as this Examinant believes) of the said Goda Anconah sent for this Examinant and the other Company's Merchants and obliged them to Sign bonds for the whole amount, which after four days disputing was complied with on a promise that the Company's Peons should Collect the money, but as this Examinant was afraid to Trust Somadrue, he this Examinant always sent one of his own peons along with the others to Take care that when the money was received it might be brought to this Examinant, who carried it as he got it to the Garden, to pay off and Clear his bond.

The Examination of Tomby Chittee of Fort S^t. George Merchant, Taken before me John Roach one of his Majesties Justices of the peace for the said Town. The Town of Madraspatnam. SS.

This Examinant saith that in the year 1727 M^r. Macrae then Governour of Fort S^t. George having one Thousand Candies of Tutenague sent for this Examinant and Ball Chittee, Moodu Ramah and Sunca Vencatachilum, and proposed to them to buy it, which They refused; but this Examinant during his talking with M^r. Macrae telling him he would do better to keep it and sell it as it was wanted, Goda Ancona then present made answer no, no, It will be a great trouble and loss of time to do it, your Honour had better put it upon the Casts and accordingly the Governour ordered it to be done and bid Anconah divide it, then this Examinant with Ball Chittee and Moodu Ramah went to Goda Anconah's house and Sunca Vencatachelum came afterwards, then Ancona told them to stay without and he would draw out a List whom the Tutenague should be delivered to which he did and shewed it to me, but finding there were not above thirty people named I told him the Loss would be too Great on them and prevailed on him to divide it among all the trading people of my Cast & accordingly appointed four people to make out a new List which was shewed to Anconah and approved of, This Examinant further saith that his share came to one hundred and fifty Candies, and the remaining three hundred and fifty Candies were carried from the Governour's godowns directly to the several people's houses

under charge of the Company's peons, excepting when They came to the godowns themselves to receive their proportions, and further this Examinant saith that the destribution of the Tutenague began the twenty first day of April and was not Compleated till the Twenty first day of June; that on the seventh or eighth day of June, the Governour sent for this Examinant with the other Merchants and bid them sign bonds for the amount of the Tutenague, to which this Examinant replied he had never received it, that the Governour's people had weighed it and delivered it, and they should Collect the money, that it was then the price was fixed and that Mr. Macrae proposed Thirty one 31. pagodas ℔ Candy, but Anconah told him it was divided among a great many people, and he might charge 34 which he thereupon resolved to do, but that this Examinant and the rest having represented it to be too great a Loss, Anconah then pretended as a favour, to beg of the Governour to be contented with Thirty three 33, and that this Examinant and the rest persisting to refuse signing the said bonds They were severely Threatened, and after four days did Consent to sign them, which done, Pooteah Kistnama the Company's peon was ordered by Anconah to Gather in the money of the Chittee Cast, who brought it as he gathered it in to this Examinant, who in four payments cleared off his bond.

THE HUMBLE PETITION OF JELLIPILLA NAUGONAH

SHEWETH

that Goda Anconah Inhabitant of this place some time in the year 1720, being minded to go up in the Country delivered to your Petr. a considerable sum of money, which was to remain at Interest till he shoud demand the same, and he also delivered to your Petr. at the same time a bond for five hundred pagodas which he desired your Petr. to receive, and on such his request your Petr. did often demand of Mar Kistnah from whom the said bond was due, to discharge the same which he promised to do, but so it happened that about that time Mr. Nathaniel Elwick was ordered Governour of this place, and the aforesaid Mar Kistnah was Committed to prison so that your Petr. was never able to recover any part of the said bond, and your Petr. further sheweth that some time after Goda Anconah's Departure from this place your Petr. by his order, at several times remitted all the aforementioned moneys which was by him delivered your Petr. to remain at Interest, and on his return your Petr. did request of him to Settle and clear all accounts, which then he promised to do, but some small time after being Settled in the service of the late Governor James Macrae Esqr. he sent for and ordered your Petr. to deliver his Accounts to his Conicoply Marcasagihim which was accordingly done as your Petr. supposed to make up the same, but on the contrary Anconah told your Petr. what sums of money had been paid to him or to his order, was of no Signification, and also that your Petr. should be answerable for the aforementioned bond of five hundred pagodas due from MarKistnah, that the ballance was due from your Petr. to him to the amount of Three Thousand five hundred pagodas and demanded of your Petr. Immediately to give bond for the Same—one bond in the name of Com Chittee for Two Thousand pagodas and one bond in his own name for fifteen hundred pagodas which demand your Petr. refused to comply with. about Ten days after said Anconah sent Talliars to your Petrs. house and there kept your Petr. with his whole family confined for near Three months, till your Petr. did give such bonds as he demanded. some time after Goda Anconah complained to his Master the then Governour who sent for your Petr. and shewing the aforesaid bonds asked if they were your Petrs. signing, which being acknowledged, he ordered your Petr. to discharge the same, but not being able to comply with that judgement, your Petr. was ordered to the Custody of the Marshall, some time after which your Petr. paid said Anconah eight hundred pagodas in part of the aforesaid obligations, and gave a Mortgage of your Petitioners Houses for twelve

——*FORT ST. GEORGE, JUNE 1730*——

hundred pagodas more and thereupon Anconah delivered up to your Petr. the bond of Ps. 2000. which was in Com Chittee's name and on the aforesaid Mortgage bond about twenty months after said Goda Anconah preferred his complaint in the Honble the Mayor's Court, and obtained a decree for the sale of the said houses which produced about eight hundred and thirty pagodas, and in order to Get the remainder of the said bond, he procured a warrant to commit your Petr. to prison, on which your Petrs. mother applied to the said Goda Anconah and requested the releasement of your Petr. which was not granted till she sold her jewels and paid him Two hundred pagodas and till Poncala Kistnah of this place at your Petrs. request paid said Goda Anconah four hundred pagodas more, after which the houses being purchased by the said Goda Anconah, he sent his people and locked up the Household Stuff, and all your Petrs. Cajan's Accounts and bonds, and having turned your Petr. out of the said house he took the key thereof, by which your Petr. may have been a great Sufferer by the damage the said Cajans may have sustained, which as your Petr. as yet knoweth not, but said Anconah not yet contented with what he had already Extorted from your Petr. Still continued to keep your Petr. under charge of Talliars and demanded another Interest bond to be given him for two Thousand pagodas which your Petr. was obliged to Consent to being under Confinement; which bond being executed he delivered up your Petrs. bond for Ps. 1500 in all which matters before related your Petr. most humbly prays your Honrs. &ct. assistance, and as in duty bound, shall ever pray.

Examinations taken by the Board touching the petitions of y^{e}. Casts formerly d^{d}. into Council now lately presented by the Grand Jury.

A Presentment having been made by the Grand Jury of a petition preferred "by the Right and Left hand Casts in behalf of themselves and all the Inhabitants of Madras to James Macrae Esq^{r}. &c^{t}. Council" the said petition was read and the several Subscribers thereto were called in and Questioned concerning their signing the said petition.

Tomby Chittee says he did not sign it, but that his brother set his name to it in his absence.

Sunca Ramah owns that he did make application to have the Liberty of adjusting some of the differences amongst their Own Casts as usual, but that no other part of the petition was of his framing or done by his Consent though he was prevailed on to Sign it.

Rangomar Tomby Chittee and a few others likewise own They did desire the differences amongst the Casts might be adjusted amongst themselves as usual, but that They had nothing to do with any other part of the petition, but Signed it at the command of Anconah who told them it was the Governour's will, and if They did not, They must not expect the Governour's favour.

Somadroo says that he was only a servant, and was obliged to do as he was bid, knowing he must else suffer for it.

Chittombee says he very much opposed it, but being Threatened, at last Complied.

The rest say they did not read the petition, or know what was in it, that they were sent for by peons and required to sign it, and when They enquired what it was They were answered it was no matter to them what it was do you sign first, and you shall know afterwards that it was Anconah's and the Governour's orders that it should be signed, and that several of them who did not Immediately Comply, were Confined.

Chinna Narran one of the Chief Dubashes Acknowledges that Anconah gave him the petition and bid him get it Signed, Saying it was by the Governour's order that he carried it to Ball Chittee's house and sent for Several persons but They refused to sign it, that he told Anconah of this, who said, You fool, you must get it Signed, Curse at them.

These people in general observed that it was usual amongst them when They desired to petition, to meet and agree about it themselves; but this was quite different, it being drawn up by others and they sent for by Peons and obliged to Sign it.

Repairs on the Fort H^{e}. ordered.

The Paymaster acquainting that the Fort House not having been repaired a great while, now wants it very much, the window frames and several other parts being very defective, ORDERED that the Paymaster Give it what repair is necessary and that it be done with the utmost frugality.

To THE HONBLE GEORGE MORTON PITT ESQR.

PRESIDENT AND GOVERNOUR OF FORT ST. GEORGE &CT. COUNCIL.

HONBLE SIR & SIRS

Pursuant to an order of Consultation of the [7th.] Instant, we have examined the Letters books and papers received from the West Coast ℔ ships Cadogan and Marlbrough, and lay before your Honour &ct. such remarks as we have made thereupon.

We observe They dispatched the Cadogan hither the latter end of October for want of pepper to fill up a Ship of that burthen for Europe the reasons They give in their letter to the Company for sending her hither so early rather than keeping her to the end of November, which was chiefly that it would be very precarious whether she would then arrive time enough to be dispatched home that season, we think very just and proper to be continued for the future.

We take notice that See Jibb Undertaker of the Sugar and Arrack plantations was preparing to make his Escape, for which reason They had confined him in the Fort, and taken the management into the Company's hands, as it is now carried on, They reckon the monthly Charges 120 Dollars, and that when there is a greater quantity of Sugar Canes (Gibb having left very few on the ground) there may be made five leaguers of arrack and from twenty to thirty pecol of Sugar in a month, which computing the Sugar at 2½ dollars ℔ pecol and arrack, 20 without the Cask, will amount to upwards of Dollars 160. ℔ month by which there will be some gain to the Company, so that we beleive it for their Interest to carry it on in this manner, and that See Jibb ought upon no Account to be employed again but that his Effects which were Seized by the Deputy Governour &ct. Council for the Company's Security should be disposed of as soon and in the best manner They can in order to Lessen as far as possible his large debt, which is decreased since Mr. Morse's Arrival there six hundred 600 dollars.

——*FORT ST. GEORGE, AUGUST 1730*——

In compliance with the orders from hence by the Marlbro we find they have settled the price of pepper at Loo[y] . . . at $ 8 ℔ bahar the rem^s. two being to answer the charge & risque of the boats the Company are to send to take it in w^ch. the natives were well satisfied with the like they propose to do at Polly w^ch. we doubt not will be a means of having larger quantities brought from those parts.

We observe there was no more salt sent them last year than was sufficient to serve them four months for that reason no body woud offer to take the licence therefore it was put under the management of the Deputy Govern^r. & Storekeeper to deliver it out in Exchange for rice as the people came for it, very little salt we find has of late years been brought from Java which we have reason to believe will come this year in greater quantities. M^r. Morse having agreed with the Nocodahs to give them twenty five dollars ℔ Coyan, which rate or thereabouts the Farmers of this Licence (when its lett out) we think should be obliged to give, otherwise we are persuaded none will be brought from thence which must occasion a Constant scarcity, and by that means the Company will not only lose the benefit of the Farm but the Native will be universally uneasy & apt to raise disturbances for keeping the salt at present. They have hird godown belonging to the old farmers for fifty dollars ℔ year and propose to your Honour &c^t. the buying them for the Company, which now they can do for one hundred ninety two dollars. Mess^rs. Newcome and Savage report the Condition They are in, in Consult^n. of 1^th. Janry and reckon them worth three hundred dollars so that we beleive it of great use to this Settlement to buy them for the Company, since it can be done at present for so much under what They Cost, or what They can now be built for.

Of buildings on hand and erected since M^r. Morse went thither the Barracks on the S. W. Curtain, and row of buildings on the N. E. are the principal. The former was begun by M^r. Torriano and the foundations raised half the length even with the Ground and the other half two feet above it but is now wholly finished, it contains in length 100 feet besides the Gateway 18 in bredth and 11 in heighth and cost in all $ 3088. —. 10. of which $ 981. is for the Labour of the Slaves. The whole appears to have been done with all the care and frugality possible, on the N. E. Curtain the gateway, and row of buildings containing a Storehouse, Gunroom, Care of arms & Cookroom are raised to their full heighth, and the Timbers are got ready to put up, but could not be terrassed for want of a person skilfull in that business, but we may expect M^r. Newcome has finished them before this time.

We find by the last years books, the whole charges of the Coast from May 1728 to April 1729 to be	$	29610 —	46
D^o. from May 1727 to April 1728		30602 —	33
Decrease this last year	$	991 3	87
Rents & Revenues from May 1728 to April 1729 ...	$	4673 1	27
D^o. from May 1727 to April 1728		4260 —	42
Increase this year...	$	443 —	85

The Charge woud have been decreased further than the aforesaid sum of $ 991. 3. 87. but the Troubles in the Anack Soongey Country, settling the peace there, and the presents & other charges on creating the New Sultan have occasioned an Extraordinary Expence.

We observe M^r. Morse has Settled the Accounts of Mocomoco Residency, which had remained unadjusted since the year 1724.

We are with all respect

The President observing to the Board what is recommended in the 43d. and 44th. paragraphs of the last General Letter concerning the badness of Pagodas, desires this affair may be now taken into consideration and that the Assay Master may be sent for to assist with his advice Mr. Weston was accordingly Called in, and acquaints us that the pagodas grow daily worse, and that some he tried in May last were no better than eighty three and half 83½ Touch, whereas They ought to be of the value of the Negapatam pagoda which is eighty five and three quarters 85¾. The Board taking into consideration the danger the Company's estate is in and that Commerce must inevitably suffer if this uncertain money Circulates longer unsuspected, and that though we defer Taking proper measures to prevent this abuse at present, at last there will be an absolute necessity to do it (may be, when it will give a much greater shock to trade) and likewise no time can be so proper as when the Company's Cash is so low as now by the large draught sent to the Bay by the Cadogan, we therefore come to the following resolution in order to Secure the Company's estate, which we hope will be Sufficient to open the Eyes of every body else, who must otherwise be undone by their Credulity, badness of Pagodas taken into consideration &ct.

that a new pagoda be coined of equal weight and fineness with the Negapatam pagoda and with the same stamp only destinguished with the letter M on each side the Image, which shall be current in all the branches of the Company's business, and that no other sort shall be paid or received excepting in the Northern investments, where the old Madras pagoda is only Current, but as this resolution cannot be put in practice till we have a supply of gold from China and elsewhere to make a new pagoda coined in Madras Mint to be Current in all payments.

a Circulation, we declare that this order of the Board shall not be in full force till the first of May ensuing, when we are in hopes the Eastern Ships will be returned and the Merchants have Sufficient time to coin the gold they purchase into the above said Specie, which was we to insist upon before a Supply arrives, They must be obliged to melt down the present Coins, and be considerable losers in giving it a new Stamp.

Charges of Coinage raised to the Minters.

At the same time Mr. Weston the Assay Master, delivers a petition from the Mint Braminies &c^{t}. representing the hard conditions upon which They are obliged to coin rupees, which They consented to, only because They were promised and flattered that there should be a prohibition of all uncoined Silver's being exported, by which means they would be so perpetually employed that their gains would be equal to or more than what it was before and requesting that half ℔ Cent more be allowed them as heretofore since we had thought fit to take off the prohibition, upon due consideration of the matter we agree to their request, being sensible that the prohibition of exporting silver inland was the motive that induced them to consent to coin at the present rate and lest too great a restraint upon them who are numerous and poor, should tempt them to debauch the Coin which is well known to be the practice in foreign Mints where the Arcot rupee is coined cheaper.

FORT Sr. GEORGE.
SEPTr. 15 1730.

JOHN PYE.

——FORT ST. GEORGE, SEPTEMBER 1730——

To the Hoñble George Morton Pitt Esq^r^.
President &c^r^. & Council at Fort S^t^. George.

The humble petition of the Braminies, Goldsmiths and Gold washers of the Hoñble Companys Mint at Fort S^t^. George

Sheweth

that your Petitioners have been for a long time past Inhabitants of this place and Servants to the Honble Company and have supported themselves and families by undertaking the coinage of such gold and silver as has been put into your Honour's &c^t^. Mint the usual rate of which coinage was six and a half 6½ ℔ mille on gold and two ℔ Cent on silver.

that about the year 1725 the Arcot Rupee having then grown into demand to the prejudice of those of Madras it was judged by your Honour &c^t^. that to reduce the charges of Coinage would (by bringing the Madras rupee nearer to a parr with the Arcot) be the most likely way to discourage the latter. It was therefore proposed to us by James Macrae Esq^r^. then President and Mintmaster that If the Minters would be Content to coin Silver at a half ½ ℔ Cent less (which reduced it to one and a half 1½ ℔ Cent) Your Honour &c^t^. would prohibit all Silver from the Inland exportation unless in Madras Rupees, whereby it was urged that the Smaller profits arising to us from a greater Quantity of money, would be equivalent to a larger profit on a Less quantity.

that in consideration of the said prohibition, we did then agree and have since to this time, coined silver at the rate of one and a half 1½ ℔ Cent, although we have thereby been great Sufferers, as we are ready to make appear when your Honour &c^t^. shall require it.

that your Honour &c^t^. have been pleased on the 25^th^. of August last, to Take off the said prohibition and Give a General and free liberty for the Exportation of all silver.

We therefore humbly declare to your Honour &c^t^. that under these present circumstances we cannot undertake of the silver money at the same rate with the ruin of ourselves and families, and do most humbly request that we may be allowed the half ℔ Cent as formerly, viz^t^. Two 2 ℔ Cent Coinage on silver whereby we can only be enabled to discharge those many debts we have contracted in the service of the Honorable Company.

and Your Pet^s^. as in duty bound, shall ever pray.

ORDERED that They have liberty to repair those damages, and that the Account be entered after this Consultation. — Damages sustained at Fort S^t. David by the late storm to be rep^d.

The Consideration of the petitions of Tomby Chittee and Poncala Kistna read the last Consultation, was resumed, and Com Chittee the person Complained of being sent for in and questioned whether he had received the revenues of Trivitore &c^t. villages, he acknowledges that he had received them, then being asked why he did not pay Tomby Chittee the rent agreed for, he answered that there are some accounts in dispute between him and Tomby Chittee and that he would not pay him till these were adjusted, and for the same reason he refuses to pay his Quota of the Betle and Tobacco farm to Poncala Kistna he was told these being settled demands about which there was no dispute he must comply with them and If there were any differences in their private accounts, they might be decided by arbitration or at the Mayor's Court, but he obstinately persists in his resolution not to pay either till the whole Accounts are Settled. — Pet^s. agst. Com Chittee taken into Consideration and proceedings thereon.

The Board observed that this affair with Tomby Chittee had already been in suspence above a year, and had given Tomby Chittee a pretence of delaying payment till very lately, and that such delays may sometimes prove of very Ill Consequence to the Company, and never ought to be allowed of on any pretence, and though in the present Case the Company's demand is satisfied, They Think the revenues must sink very low, if the principal Renters are not supported and some authority used to Compell the Under Renters to fulfill their engagements without pursuing the Common process in the Mayor's Court, where it will be very Expensive to sue for such small sums as the Rents are at last parcelled out at, and the nature of the People is well-

known to be such that They will not pay their Debts if they have a notion They can delay it, besides it is scarce practicable to have such a number of Suits as must happen determined by the Court They having already as many on hand as according to the forms in practice will take up a long while in Deciding, which cannot lawfully be postponed out of partiality to any other cause, not to mention how many Intervening disputes arise every day, and how impossible the Scavinger's & Rental. General Duty and Quit rents can be Levied without imprisonment or destraint.
